

Genealogies in Vermont Town Histories, Part Two

By Scott Andrew Bartley

This is the second installment in a series of articles about published Vermont town histories containing genealogical sections. These articles will cover all published histories to 2002. The entries below are in alphabetical order by town. Following the citation for each town history is an alphabetical list of all surnames included in the history. A future installment will rearrange the material and provide a comprehensive surname index to all published Vermont town histories that feature a genealogical section.

[Part one](#) of this series was published in June 2002 and covered the towns Albany to Brattleboro. The introduction of part one summarizes the history of printing in Vermont and identifies a few of the earliest and most notable Vermont town histories.

The installment that follows covers the towns Brookfield to Isle LaMotte.
